A100 September 2022 entry - Scoring

Fee status	Graduate/non-graduate	Minimum score to be guaranteed to be invited to interview* (out of 64)	Minimum score needed to be guaranteed an offer** (out of 120)
Home	Graduate applicants	58	98
Home	Non-graduate applicants	58.5 for those with predicted A-levels	100
Overseas	Graduate applicants	57.5	92
Overseas	Non-graduate applicants	58 for those with predicted A-Levels	91

Please note: graduate applicants were ranked separately from non-graduate applicants for invitation to interview purposes because of differences in the scoring system. However all applicants will be ranked together when looking at interview scores.

* The score listed is the lowest score required to be guaranteed to be invited to interview. There were some applicants who scored lower than this who were invited to interview. Those applicants were in a borderline group who had their application assessed in a tie-breaker situation. Please note: our scoring system can change every year,

and as such, this score should in no way be deemed to be a minimum required every year to receive an invite to interview.

** The score listed is the lowest score to be guaranteed an offer. Home applicants who scored between 91 and 99 were in a borderline group who had their application assessed in a tie-breaker situation and therefore some candidates with scores in this range will have received an offer while other candidates on the same or higher scores will not have done. Please note: our scoring system can change every year, and as such, this score should in no way be deemed to be a minimum required every year to receive an offer.

Re-applicants for 2023 entry will need to have scored at least 86 in order to be considered for an interview. When considering an offer, the 2022 and 2023 scores will be averaged.

Contextual data is used to provide equal opportunity to applicants from all backgrounds on our A100 course in the following ways.

Applicants who applied with **achieved A-Levels grades** who met the entry requirements and had a UCAT score in the top 5 deciles were invited to interview. Those with a lower UCAT score were scored in the same way as candidates with predicted grades.

Applicants who successfully complete a Realising Opportunities Programme (ROP) or the Leicester Enhanced Access Programme (LEAP or Med-LEAP) were automatically invited to interview providing they met all our minimum requirements and had a UCAT score in the top 8 deciles. If successful at interview, these candidates may be made an adjusted offer of ABB at A-level.

Applicants who were in a borderline group pre-interview were assessed using the following contextual data:

- a) UCAT bursary flag
- b) POLAR 4 quintile 1 or 2
- c) Attended a non-selective state school for GCSEs which has an Attainment Score 8 below the national average for the 2018 cycle.
- d) Or Refugee status
- e) Or more than three months in local authority care,

as well as their whole UCAS application and UCAT result.

These contextual criteria will also be used for those in a borderline group post-interview, along with any interview comments

Offers will be given in order of interview score and assessment of all aspects of the application, including the personal statement and reference.

A199 - Medicine with Foundation Year - Six Year course

	Graduate/non-graduate	Applications	Interviews	Total offers**
